NOTICE: In the course of establishing credit privileges for you, it is our business practice in most instances to draw a Consumer Credit Report. We also update our files periodically.

It is your privilege under the New York State Law to ask if we have done this and request the name of the credit reporting agency.

I also understand that I will be subject to a late payment charge if my balance, in full, is not paid within the month following the month of invoice date.

The late payment charge is computed by a periodic rate 1½% per month which is an annual percentage rate of 18% applied to the past due balance from which current payment and/or credits have been deducted.

If this account is turned over to an attorney for collection there will be an additional charge of 25% attorney fees added to the balance due.
